

Hello!

I have enjoyed an exciting year of language learning with your child! I've been thrilled to watch them push themselves to develop their grammar skills and add to their vocabulary, and I would hate to see them lose any of the progress that they have worked so hard for.

That's why I'm recommending that each of my students utilize [Duolingo](#) for additional practice during the summer break. With [proven curricula](#), [bite-sized lessons](#), and a [personalized approach](#), Duolingo will help your children build additional confidence in the skills we have practiced throughout the year.

Attached to this letter is a handout that each student and I have collaborated on, elaborating on their goals for the future and indicating the amount of daily practice they have committed to in order to reach these goals. Please help them stay motivated to complete this practice by providing reminders, or even practicing by signing up and utilizing a free Duolingo account yourself!

Regardless of whether I have the pleasure of teaching your child next year, I'd love for them to stop by at the beginning of next school year with their completed handout, so that we can celebrate a job well done!

Warm Regards,
